

Song of Hope (C2)

He Wants to Take Your Heart into His Heart

1. If you were to pass away from this life
2. If you were to walk away and never
Where would you be in eternity?
Hear Him again and die in your sin.
If you knew you had the choice to be totally free.
And you found you in satan's hell with on one to tell.
Where would you be?
You know it too well.
G You shouldn't listen to fear 'cause you're only denyin'
Your heart the peace you can't get, yet you're dyin' for.
Listen to love and then you stop tryin'
'Cause Jesus is dyin' to love you.
And I wish I could take your heart into my heart.
I wish I could show you just how good it feels to let go
Of the things that you know are killing you
And cling to the only One who can heal.
But I know, if I did then it wouldn't be you,
'Cause you, you're the only one choosing for you.
It's true.
